

STAR EV

A Brand of JH Global Services, Inc.

We will help you meet your green initiative and sustainability!

Contract Holder

Contract Numbers:

GS-30F-0003X / GS-03F-072AA

Capabilities Statement

Star EV has provided clean, green, sustainable electric vehicles for over 10 years. We use high quality materials to create reliably and efficiency, making Star EV one of the most powerful and resourceful green vehicles on the market. There are over 50 models available on our GSA contracts, seating between 2-8 passengers and a variety of utility options, including tool boxes, utility boxes, enclosed boxes, ladder racks, ambulance options and much more. Ask us for details about our customization capabilities! Star EV supplies both Street Legal LSV (*Schedule 23*) and non-LSV (*Schedule 78*) electric vehicles with a variety of platforms to suit your needs. Star EV supports the electric vehicle, utility vehicle and people mover needs of federal and state government agencies, and other major and primary government contractors through the Federal Supply Schedule (FSS) program Multiple Award Schedule (MAS). Star EV also has a past performance history as the leading supplier of electric vehicles to airlines, universities, resorts and many other industries.

Core Competencies

Star EV's are environmentally friendly, providing all green, energy efficient electric vehicles with the ability to customize any model.

Differentiators

No other electric vehicle manufacturer provides better color options, the ability to customize to your specific application, options/accessories and variety of models. Star EV's use top quality materials, including the best American drive train in the industry, Trojan batteries, Curtis Controllers and Advanced AC/DC motors for the best performance and value. Additionally, Star EV has 200+ servicing dealers nationwide.
